Data Privacy Notice

Land North of Baywater Brook, Oxford. (We) are committed to protecting and respecting your privacy.

This policy (together with our terms of use and any other documents referred to on it) sets out the basis on which any personal data we collect from you, or that you provide to us or an authorised data processor acting on our behalf, will be processed by us. Please read the following carefully to understand our views and practices regarding your personal data and how we will treat it.

By accepting our Terms and Conditions and Terms of Use, you are providing your express consent for your personal data to be collected, handled, stored and used in accordance with the practices described in this policy.

For the purpose of the General Data Protection Regulation (GDPR), the data controller is Land North of Bayswater Brook, Oxford. All personal data collected by us or on our behalf will be processed in accordance with the GDPR.

How we use your personal data

We may process information that you provide to us. This data may include the following:

- Your name;
- Your address;
- Your telephone number;
- Your email address;
- Your employer or any group on whose behalf you are authorised to respond;
- Your feedback in response to the Bayswater Oxford consultation;

Apart from that, we only collect the information you choose to give us. We will use your personal data for the following purposes:

- To record accurately and analyse any questions you raise during the consultation or feedback you have provided in response to the consultation.
- To report on our consultation, detailing what issues have been raised and how we have responded to that feedback (please note that the information contained in the consultation report will be aggregated and will not identify specific individuals).
- To personalise communications with individuals we are required to contact as part of future consultation or communications.

The legal basis for processing this data is that it is necessary for our legitimate interest, namely for the purpose of ensuring the consultation process, analysis and reporting are accurate and comprehensive.

In addition to the specific purposes for which we may process your personal data set out above, we may also process any of your personal data where such processing is necessary for compliance with a legal obligation to which we are subject.

Providing your personal data to others

We may provide your personal data to the following recipients:

- Bayswater Oxford on whose behalf we are collecting your feedback in order to analyse and report on the responses received.
- Third party service providers and professional advisors who provide services to Bayswater Oxford in connection with the Consultation.
- Our insurers/ professional advisers. We may disclose your personal data to our insurers and/or professional advisers insofar as reasonably necessary for the purposes of obtaining and maintaining insurance cover, managing risks, obtaining professional advice and managing legal disputes.

Retaining and deleting personal data

Personal data that we process for any purpose shall not be kept for longer than is necessary for that purpose.

Unless we contact you and obtain your consent for us to retain your personal data for a longer period, we will delete your personal data as soon as practicable following the outcome of the planning application relating to the Consultation or any appeal of such decision.

We may retain your personal data where such retention is necessary for compliance with a legal obligation to which we are subject.

Your rights

The rights you have in relation to your personal information under data protection law are:

- The right to access;
- The right to rectification;
- The right to erasure;
- The right to restrict processing;
- The right to object to processing;
- The right to data portability; and
- The right to complain to a supervisory authority.

You may exercise any of your rights in relation to your personal data by writing to us using the details below.

Consultation feedback form

You can provide feedback using this form, or by using our online form and interactive feedback map at www.bayswateroxford.co.uk

General

1) A masterplan is the early conceptual layout that helps make the connection between buildings, their social setting and the surrounding environment. **Do you have any comments or views on our latest indicative masterplan for Bayswater?**

2) Our vision is the seven ways we will make sure Bayswater is a great place to live, and one that works for existing communities and new generations to come. **Do you have any comments on our vision for Bayswater? Is there anything else you think we should consider?**

Transport and highways

3) Our plans include a new foot and cycle bridge over the A40. We've appointed award winning architects to design this. **Is there anything you would like them to consider as they look at developing the design?**

4) We are making sure greener travel will be the easiest option at Bayswater, by putting active travel such as walking and cycling first. **Aside from those presented, do you think there are any other pedestrian and cycle connections we should be considering? Are there any other ways you think we can help people to overcome barriers to using bikes or walking to places?**

Flooding and water management

5) Our approach to addressing flood risks is to reduce the rate at which rain enters the Bayswater Brook through natural ponds and allowing space for the brook's flood plain in the proposed design. **Do you have any comments on our proposed approach to managing flooding?**

Heritage and placemaking

6) **Are there any other uses you think we should be considering for our local centre buildings in the refurbished Well House and Barns at Wick Farm?**

7) We will be running architectural competitions with some of the top firms in the UK for the design of our residential areas. **To help inform this, are there any styles of neighbourhood – for example, classic or modern – you like, and why?**

Leisure and recreation

8) What are your views on the areas of green outdoor space we are proposing to provide? **Is there anything else you would like considered as part of our green space proposals?**

9) We are proposing a range of allotments all around the site and within walking distance for residents. We are looking at including smaller raised beds for more accessible planting, a variety of different sized traditional allotments and community orchard areas. **Are there any other ways we can encourage people to grow their own produce on site that you'd like us to consider?**

10) Our current proposal for play provision includes a large play area for all ages in the countryside gateway park, play areas across the site, and a mountain bike track and skate park to the east, with a trail linking play areas together. **Do you have any views on these proposals?**
